12838, 00000, "cannot read/modify an object after modifying it in parallel"
// *Cause: Within the same transaction, an attempt was made to add read or
// modification statements on a table after it had been modified in parallel
// or with direct load. This is not permitted.
// *Action: Rewrite the transaction, or break it up into two transactions:
// one containing the initial modification and the second containing the
// parallel modification operation.
